

## What's New – Fall 2004

### FOOT UP

A light weight ankle foot orthoses engineered to provide dynamic support for mild drop foot or similar complaints. Provides visible improvement in the patient's gait by providing support the moment the foot is raised. Incredibly simple to fit and practically invisible when worn. Price - \$145

### KNEEDIT

The Kneedit knee guard assists in the relief of minor knee pain commonly associated with Arthritis, Tendonitis and Chondromalacia by placing a gentle pressure, absorbing force and providing warmth along the medial and lateral soft tissues of the knee. The neoprene band and padded face adjust for fit and comfort. Ideal for sports, work and home use. One size fits most. Price - \$45

### AIRCAST SP WALKER

Re-designed short pneumatic walking brace for foot and ankle injuries. The walker's low rocker sole promotes more natural ambulation for improved mobility while the generous foot base has ample room for dressings without sacrificing comfort. The lightweight semi-rigid shell is lined with custom inflated air cells. Price - \$180

### DARCO HEALING SANDAL

The Darco Wound Care Shoe system is recommended for the treatment of open and closed ulcerations and other conditions of the foot in which it is desirable to redistribute weight away from specific areas. Price - \$138

More.....

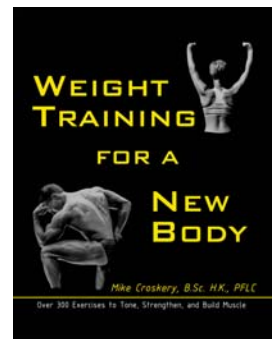

**GLUSEAL**

GluSeal® is a formulated cyanoacrylate material that is effective as a liquid dressing to treat minor lacerations, blisters, first degree burns, paper cuts and other minor skin injuries. GluSeal has antibacterial activity which reduces the likelihood of infection and promotes rapid healing. Price - \$13/package

**BOOK – “Weight Training for a New Body”**

A complete reference guide to over 300 weight training exercises designed for use by fitness enthusiasts and professionals. Laid out in easy to follow format complete with exercise technique tips, muscle usage, estimated starting weights as well as a difficulty rating. Price - \$35
