GENERATION II – REHAB CONTOUR AIR LIGHT

The GII Contour Air Light is a lightweight rehabilitation brace offering contoured left or right hinges for maximum support. Designed to limit the range-of-motion between fixed increments. Indicated for immediate post-operative support, post-surgical range-of-motion management and post-trauma protected range-of-motion ACL/MCL management. Price - \$200

EVOLUTION CHAIR

The Evolution Chair is a proactive approach to back injury prevention. It helps to alleviate spinal compression, increases posture awareness, strengthens the difficult-to-target core muscles and promotes healthy, upright posture. Great for the office or for home use. Price - \$170

**Special introductory price available for medical/dental clinics.*

CLUTCH WRIST BRACE

Offers effective relief for most wrist injuries by providing support and stability to the wrist. Design features include Cool Max covered palm to transfer perspiration away from skin, dorsal stays for added stability and Velstretch for support control. Ideal for golf, racket sports or individuals who work with tools. Price - \$20

PRE-NATAL CRADLE

Designed to support the weight of pregnancy thus reducing painful back strain without restricting the mother or child. Also helps to improve circulation and improve posture. The fabric is flexible and straps are adjustable. Price - \$73

*We now carry crutches and finger splints!
